President also mentioned that there is a National Demonstration against fees and cuts NUS is not supporting this but if students want to go then we will support them and arrange buses – VPS said we have budgeted for this type of thing. Education Officer mentioned that there was some interest in a Debating Society, President suggested that the VPS has a debate then see if interest is generated for a Debating society – first debate ‘whether to support the National Demo’.

Report by Scarborough Sports Officer

Been busy contacting local Sport Organisations, and getting ready for freshers fair – we have Hockey club, Surf club, Sub Aqua and Rugby club all coming in to try and support the students.

Trying to set up an AU council with the presidents of the teams. President

Training and BUCS rep training all going to happen week after freshers.

There has been some concern over the rise to £25 for AU clubs but the students have been assured that the money is being re-invested into the club.

We will try to advise all clubs to be strict about paying subs.

Report by Education Officer

We have lots of Course Reps considering we have only been pushing them for a week, and the posters and flyers are great. We have 9

I am promoting Highlights – considering putting the Course Reps into the Highlights scheme automatically and they can opt out – VPS was unsure but President said this would be a good idea.

I am promoting the Academic Council and Union Council the first one being here in Scarborough on the 17th October.

VPS has been doing the Lecture shouts for the Course Reps.

Myself and the VPS are going to try and get some Course Reps at the YCC this year as

we have 80 students down there. Action Points
